

FOR IMMEDIATE RELEASE: September 3, 2026

“Safety Today, Success Tomorrow” Theme for National Farm Safety and Health Week, September 21-25, 2026

Covington, LA – National Farm Safety and Health Week (NFSHW) is taking place September 21-25, 2026. This week highlights important topics for health and safety across the agricultural industry, during a time when harvest is in full swing. According to the most recent data from the [U.S. Bureau of Labor Statistics \(2026\)](#), despite a continual decrease in total fatal occupational injuries across all occupations (an 8.12% decrease from 2022 to 2024), there has been a continued increase in fatal work injuries amongst the farming, forestry, and fishing industries (up 11.21% from 2022 to 2024). The 2026 theme chosen by the National Education Center for Agricultural Safety ([NECAS](#)), “Safety Today, Success Tomorrow,” reminds us that making safety a daily priority in agricultural operations ensures a successful future.

AgriSafe is proud to host eleven free educational webinars for NFSHW from Monday, September 21st through Friday, September 25th. Each weekday has a specific topic: Monday is Equipment and Rural Roadway Safety; Tuesday is Health and Wellness; Wednesday is Generations of Farming; Thursday is Confined Spaces; and Friday is Cancer Prevention. All eleven webinars will take place in the [AgriSafe Learning Lab](#) (you just need a free account to access them). Additionally, each webinar will have live Spanish interpretation.

You can register for all eleven webinars at once or you can choose to register just for the webinars that interest you. The CALM training on Tuesday has limited seats and will switch to a waitlist once full. Continuing education for a variety of professionals will be available for all webinars. Individuals who attend three or more webinars will be eligible for a 2026 NFSHW Champion digital badge.

For more information, marketing materials, or for the webinar registration links, visit: <https://www.agrisafe.org/nfshw/>. There is also a promotional toolkit available on the [NECAS page](#), linked under "Ag Center Resources."

AgriSafe is grateful for the sponsors and partners that make National Farm Safety and Health Week successful: Agrellus; the American Farm Bureau Federation; the Central States Center for Agricultural Health and Safety (CS-CASH); CHS; Country Folks; Farm Credit Council; the National Corn Growers Association; the Northeast Center for Occupational Health and Safety; Pork Checkoff; Successful Farming; the UC Davis Western Center for Agricultural Health and Safety; and the University of Cincinnati Education and Research Center. If you are interested in sponsoring this initiative, fill out [AgriSafe's Sponsor Commitment Form](#).

For media inquiries, please contact Laura Siegel, AgriSafe's Health Communications Officer, at lsiegel@agrisafe.org.

About AgriSafe Network:

AgriSafe Network is a national 501©3 non-profit that educates health care professionals and agricultural communities about important health and safety information for those working in agriculture, fishing, and forestry. They bring together national experts to develop educational materials that can be delivered both digitally and in-person. Their mission is to protect the people who feed the world – and in addition to education, they are cultivating a network of trained agricultural health and safety professionals who understand and support [Total Farmer Health](#)®. For more information, visit their [website](#) and follow them on [Facebook](#), [Twitter](#), or [LinkedIn](#).
